A BRIEF HISTORY OF THE CEMETERIES IN
POWESHIEK COUNTY.

Beginning in the north east corner, Jefferson Township is credited with five cemeteries.

The Blake burying ground, in the very north east corner of section one was probably a family burying ground as there are only nine graves and they were probably all there fifty years ago when the writer visited it as a girl.

The Old Indian is in the same section but of course no markers.

WALNUT CREEK was probably just a few burials in the church yard before the cemetery was plotted. There are none there now nor as far back as we know.

WINSLOW cemetery on section 11 is really the Walnut Creek cemetery and lies a little west and down a lane south of the church, and, is a beautiful little country burial ground in a quiet place and many of the pioneer settlers of that part of the county rest there among the 272 graves

HARTWICK cemetery is on section 27 and was laid out many years before the railroad went thru and the little town of Hartwick was founded about a mile away. The first burial was in 1871, another a few years later and these two little graves were often visited by the school children across the road. The land was probably given by the Herman family as they lived there and their small son was the first buried there, since then two additions have been made and now there are 159 graves.

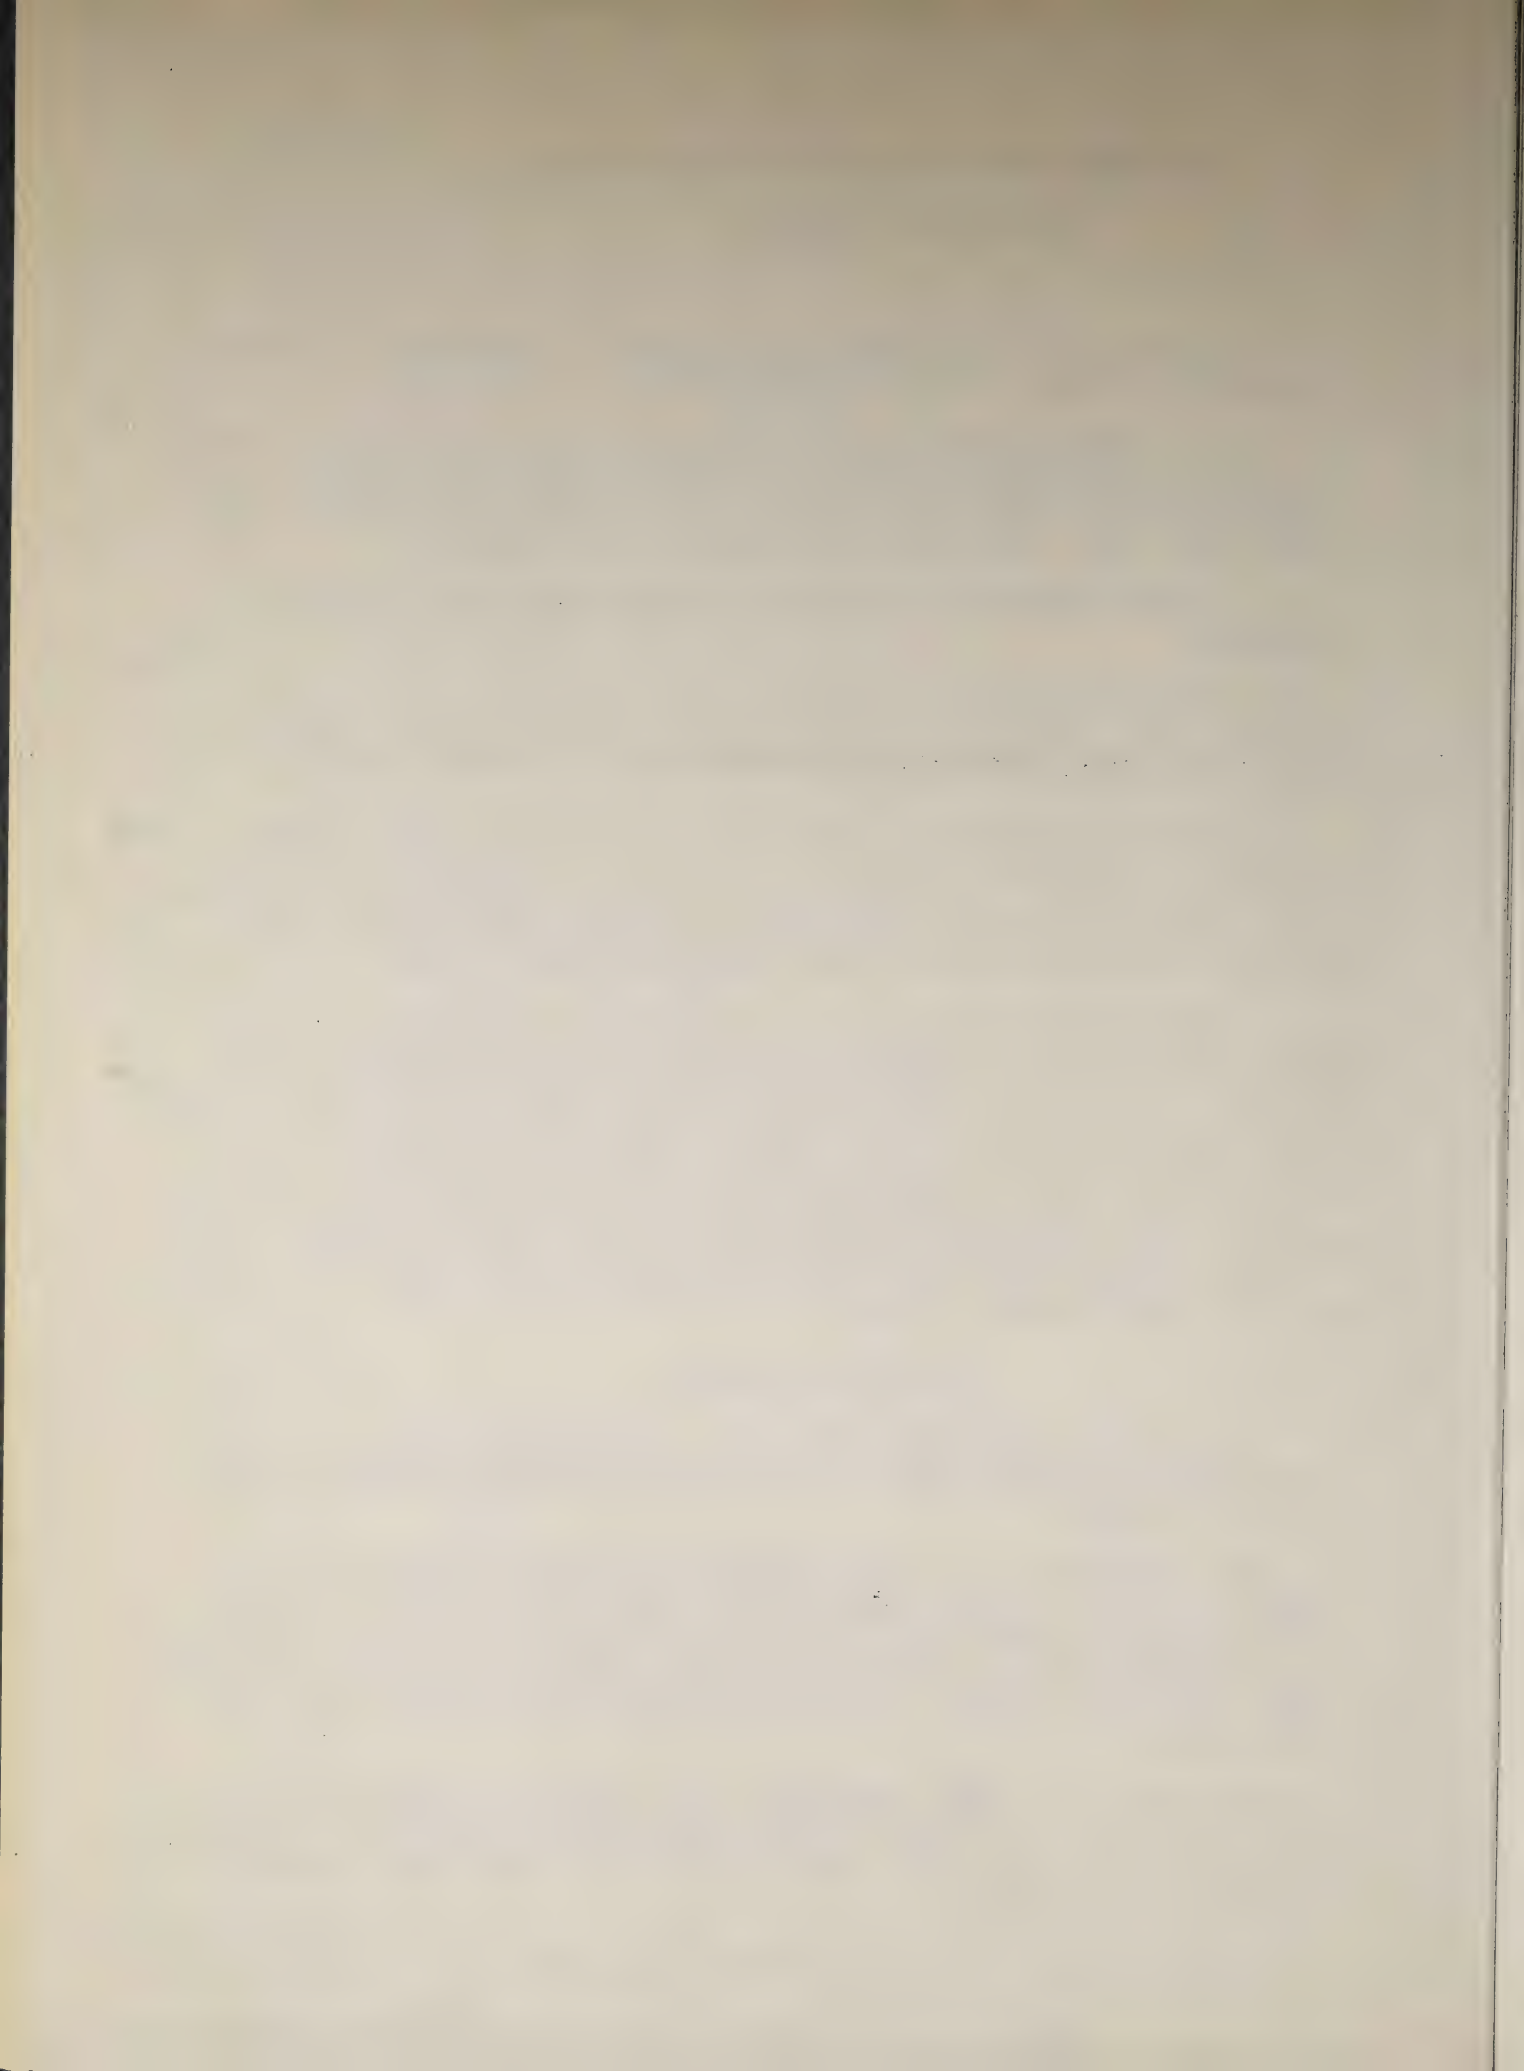

Many of the Korns and Rowland families who were the pioneer settlers are buried there.

MADISON TOWNSHIP

In Madison Township there are two cemeteries listed in one called Squires there there are no graves nor has there been for years.

KENT Cemetery is a nice little burying ground next the church and was first used in 1859 and Mrs Coulson was the first buried there, The grounds are well kept and are situated in a beautiful place with a back ground of native timber Many old settlers are buried there and there are now, 1937, 263 graves

- * A women who knew this community tells us that when those buried in the Squires Burying ground were moved, most of them to the Brooklyn cemetery, two were left, two wlmnen she thinks but does not know their names.

SHERIDAN TOWNSHIP

This township has but one cemetery which lies near the church. There are 176 graves. Enos Peck Gifford, a soldier in the War of 1812 and from Erie, Pa. is buried there.

CHESTER TOWNSHIP.

In Chester township there is really but one cemetery and that in the center of section nine. The old part lies east of the road and the new on the west side. A daughter of a Revolutionary Soldier is buried there and the grave was marked by the Grinnell Chapter of the D.A.R. There are 274 graves and the first was Harry Stockwell who met death by falling under the wheels of a wagon.

GRANT TOWNSHIP.

In this township there are three cemeteries, Hazelwood the largest in the county lies south west of the city of Grinnell and is a beautiful cemetery and Catholic and Protestant are both buried here as well as many of the first settlers of the town among them many prominent people. The first President of the college, George F. Magoun and J.B. Grinnell the founder of the town. There are 2900 graves.

WESYFIELD cemetery lies just back of the church and has 211 graves.

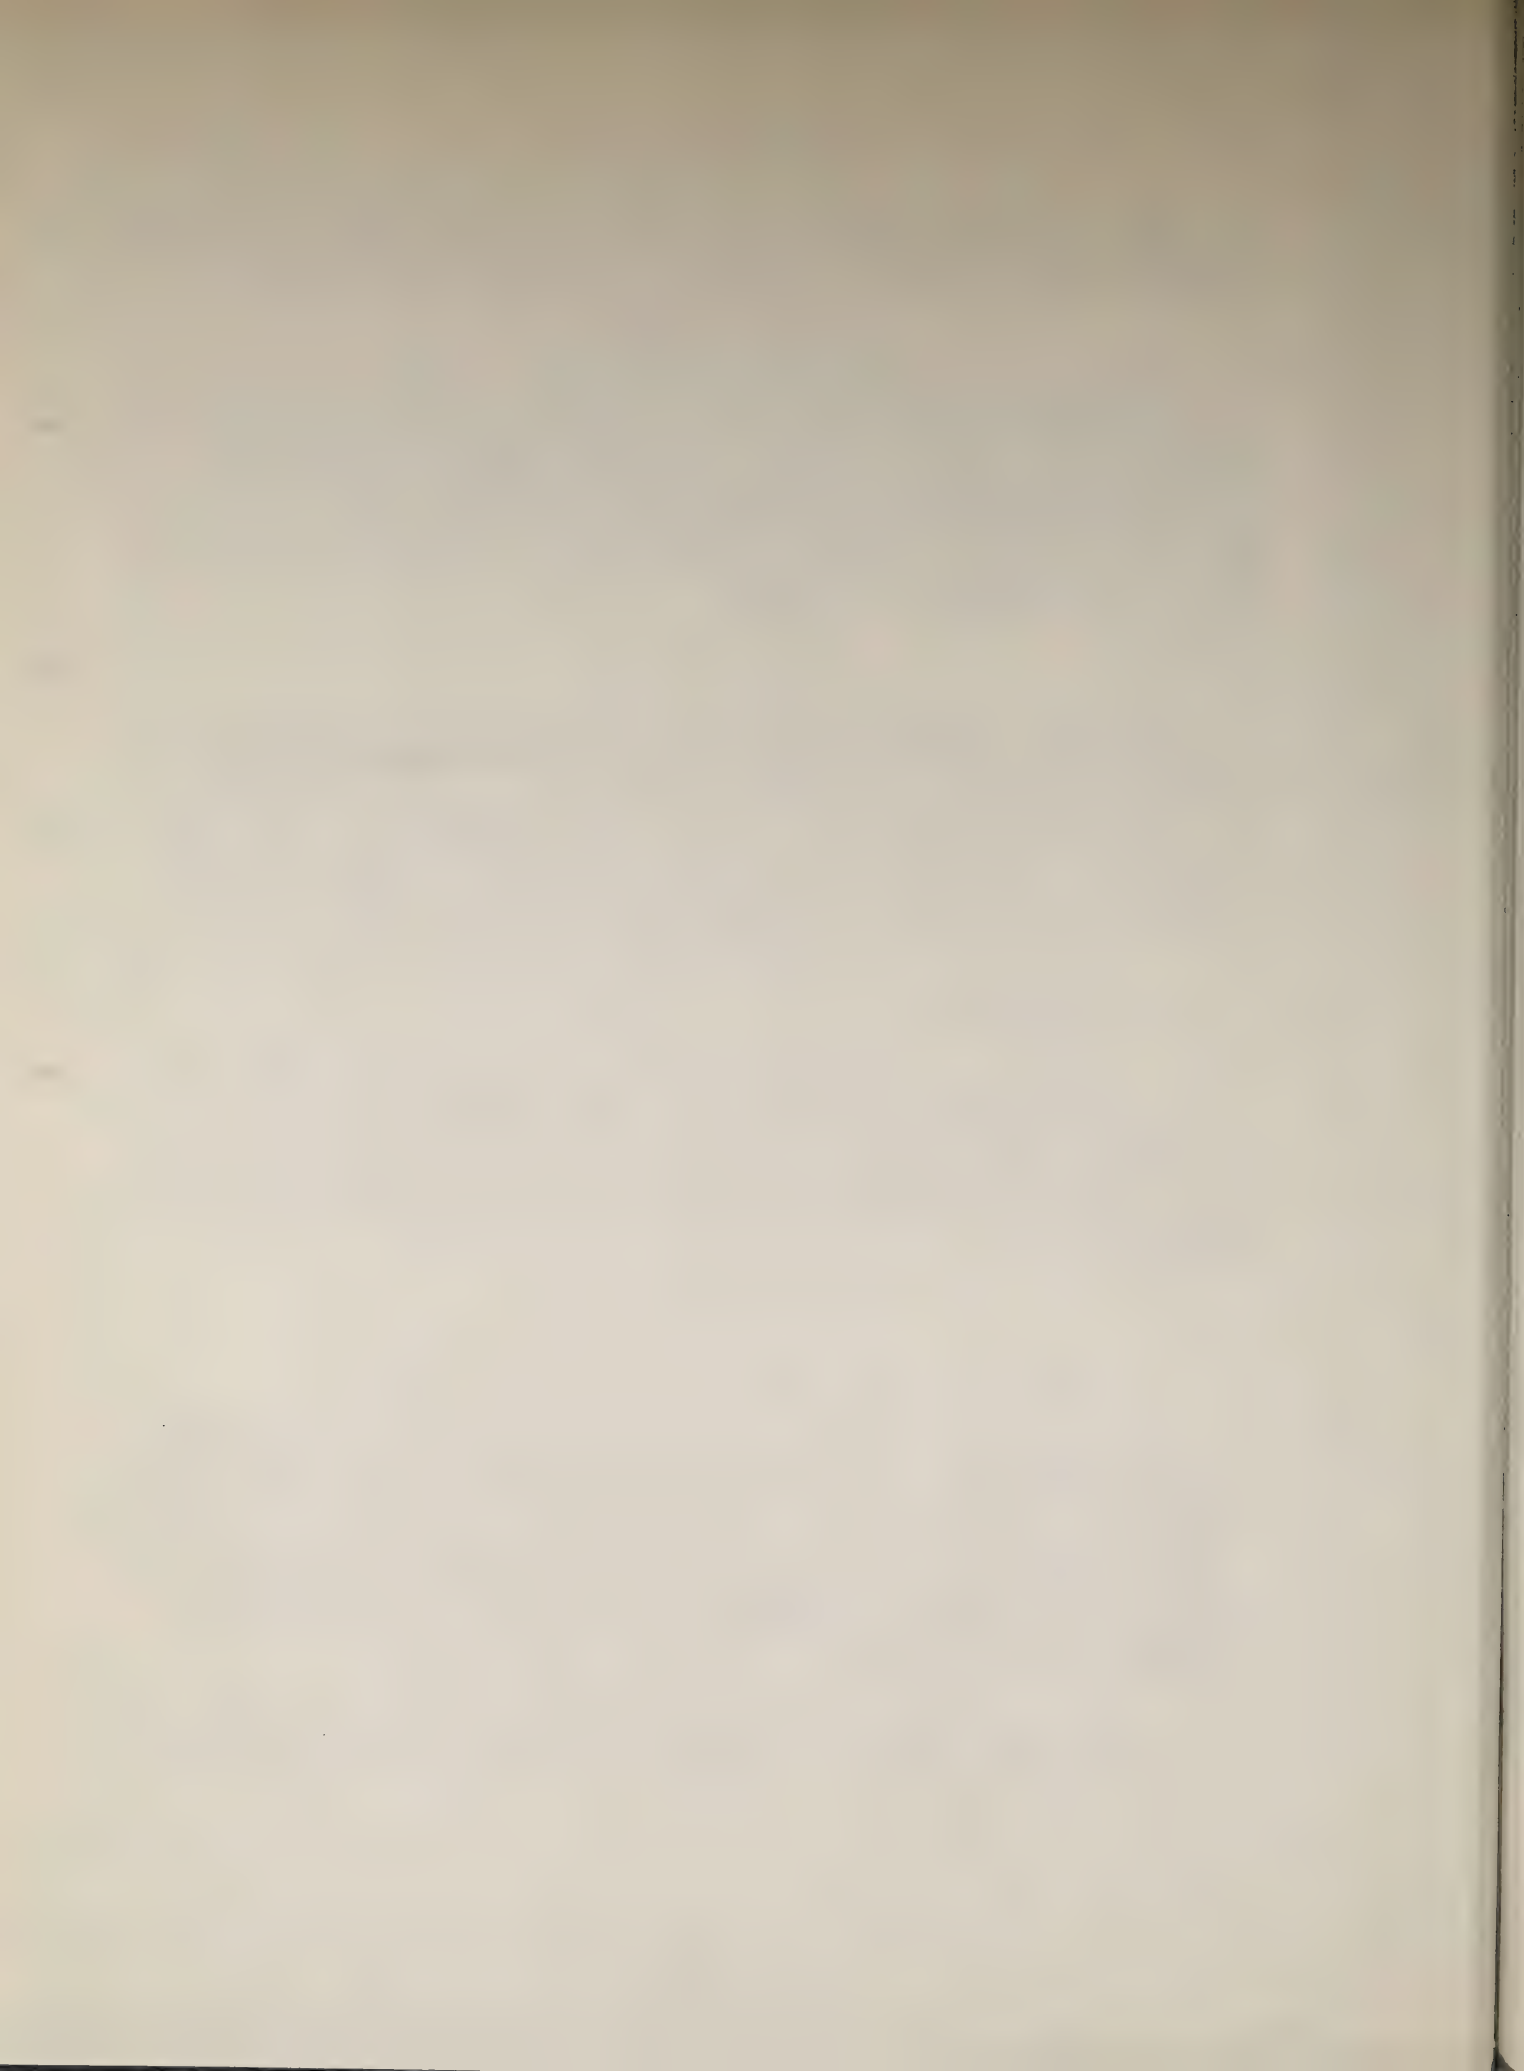

NORWEGIAN LUTHERAN lies south east of Grinnell and is so over grown with bushes it can hardly be found and no burials were reported but we find there were really over 45. Only three little markers are left standing. Most of the people buried there were of the Lutheran faith and were Norwegians.

MALCOM TOWNSHIP

There are two cemeteries in this township.

IVY HILL is the Malcom burying ground and a beautiful little cemetery, high up from the road which runs past it into the town. The grave of a daughter of a Revolutionary Soldier is buried there and the grave was marked by the Powshiek Chapter of the D.A.R. Jane Van Curen or Kueren daughter of Matthew Van Keuren and wife of Constantine A. Meredith. Her grand daughter is a member of the Chapter. There are 715 graves.

the Lutheran Trinity Evangelical cemetery is on section 4 and has 170 graves. It is in the yard of the church there.

BEAR CREEK TOWNSHIP

BROOKLYN. This cemetery is really three in one: the old part at the east, next just west is the I.O.O.F. and north of this the new and now the "City of the dead is larger than the city of the living." There are 2149 graves recorded in these records and John Manatt was the first person buried there.

The grave of a daughter of a "revolutionary Soldier, Mrs Parazade Riske Payne. Her grave was marked in 1923 by the Grinnell Chapter of the D.A.R.

In the early days before the Brooklyn cemetery was platted there were burials in several places near. John Talbott and his wife were buried on their farm north east of the town; This farm was the first land filed on after the county was organized and Mr Talbott died not long after and was laid to rest not far from his home and his wife later was buried beside him, both were later removed to rest in the Brooklyn burying ground.

CAVALRY cemetery with 169 graves lies not far south of the Brooklyn cemetery This was paid out in 1878.

WARREN TOWNSHIP

In Warren Township there are two very old burying grounds.

GWIN is a mile south west of the small town of Carnforth and has but five graves marked. There were probably more.

OLD VICTOR is south west of the town of Victor and has 38 graves.

LINCOLN TOWNSHIP

In the yard of the North English U.P. Church the first regular cemetery of the township was laid out May 29, 1869 and the first burial was the same day and was that of George E. Sanders. The church and burying ground are near the center of the township. After the rail road was put thru and the town of Guernsey was founded the cemetery was called the Guernsey Cemetery.

HARMONY burying ground has 81 graves. This lies just south of the Warren township line and near the M'rauvian church. Many of the old settlers of the community are buried there.

SCOTT TOWNSHIP

Lytle. There is but one burying ground in the township and that a family burying ground of but nine graves.

PLEASANT TOWNSHIP

EWART. T. is cemetery is near the small town of Ewart but has the distinction of having a mausoleum, the first in the county There are 179 graves.

WASHINGTON TOWNSHIP

BLUE POINT? North and South one near each of the two churches there with 258 graves

OAK GROVE CATHOLIC is a small burying ground with only 25 graves reported. A few years ago this was very much neglected but now is well kept

SUGAR CREEK cemetery is on the yard of the church and has 113 markers.

SUGAR CREEK TOWNSHIP

There were 5 buryial grounds reported but one called Cemetery Hill has not been used for years A ll but two of the graves were removed to other cemeteries

MILL GROVE Cemetery is on section 25 and has 47 graves

WEST LIBERTY on section 12 has 113 graves

UNION TOWNSHIP

There are eight cemeteries listed in Union Township but in two of them no graves were found, one as but one grave and one has only two

BEASON on section 27 has 73 graves This was located on Wm. Beason's land

BONE, There are two Bone cemeteries one has no graves at the present time and the other has only Valentine Bone and his wife, Evidently they died before there were other cemeteries and were buried on their own land. FOREST HOME The largest burying ground in the township has 202 graves was located there in 1859

LITTLE MOUNT Has 69 graves Is a very pretty little burying ground surrounding the church and is well kept.

MC DONALD has but one grave, that of one of the McDonald family the rest of the family went west.

SHEELEY This is situated on the top of a hill and off the road the plot is over grown with weeds and briars but there are 137 graves most of them of the old settlers and probably no one has been buried there for many years.

JACKSON TOWNSHIP

In 1852 Gideon Wilson gave five acres to the churches for burial purposes and this was the place of interments until 1864 when the Masonic and Odd Fellows lodges purchased the acres adjoining and this was the new cemetery, both in the same enclosure.

Mrs W.B. Hardin who died in 1857 was the first in the old cemetery and John Adams son of C.G. Adams who died in July 1865 the first in the new. The grounds are well kept. There are 1436 graves

BOSWELL on section 32 and has 98 graves it may have been formerly the Barnes City cemetery as it lies near there. Isam Allen a soldier of the War of 1812 is buried there and his wife whose father was a Revolutionary soldier

LISOR on Section 22 has 150 graves

DEEP RIVER TOWNSHIP

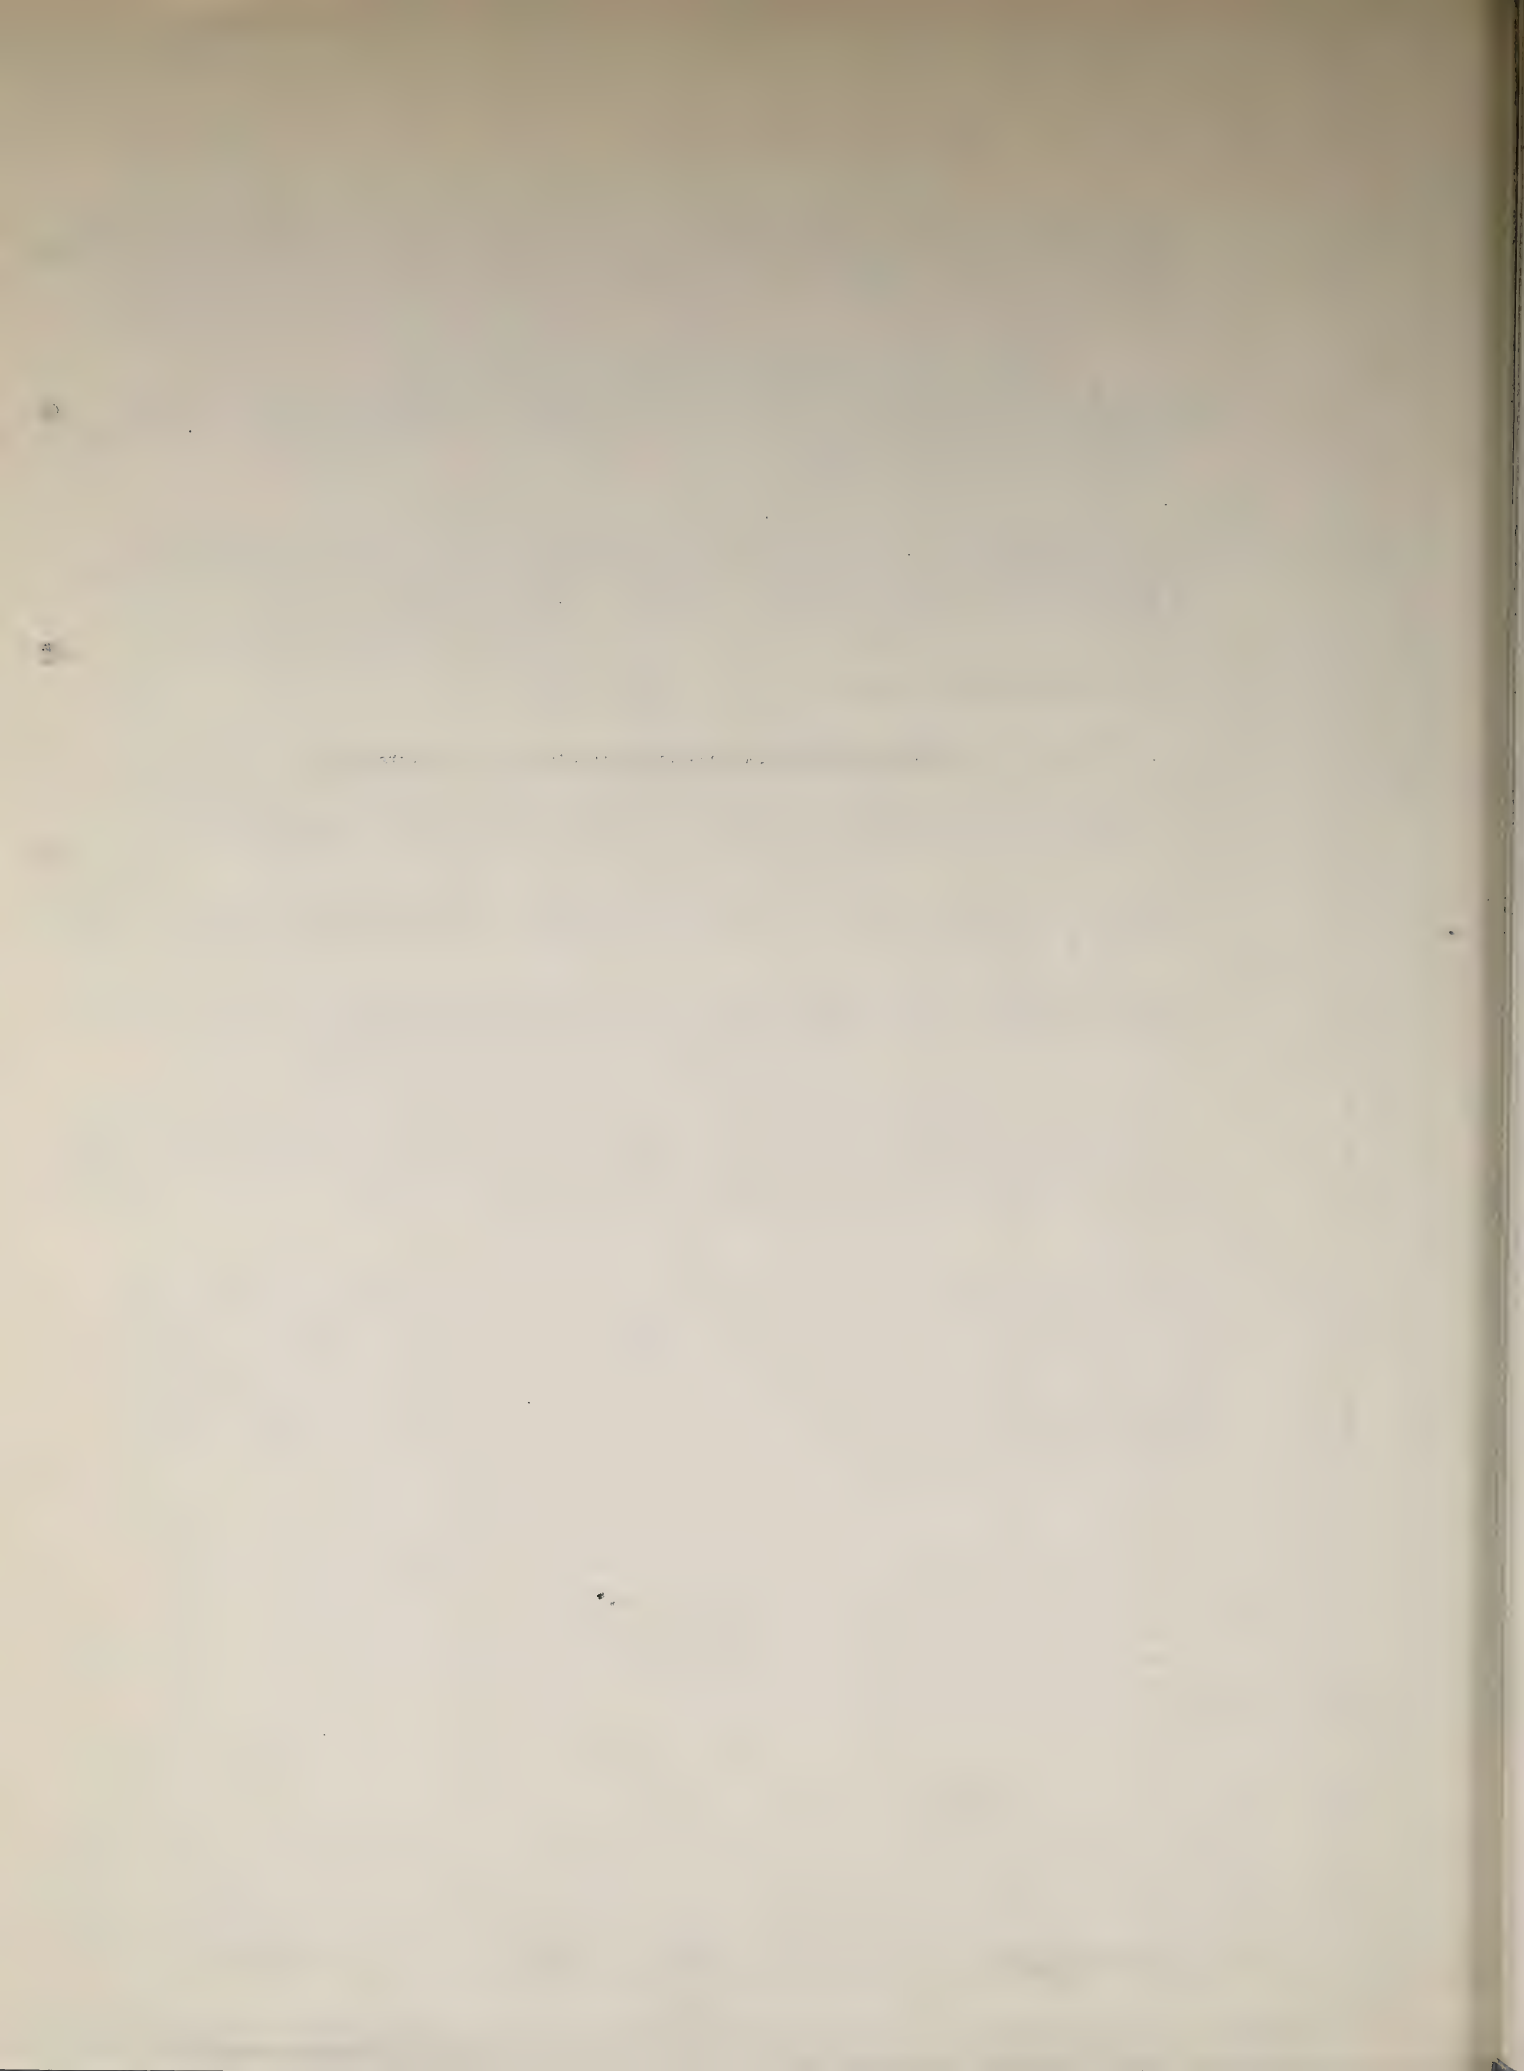

There are three burying ground in the township: The Light, Golden Rod and Dresden.

Light on Section 6 with 14 graves was probably the oldest in the township

GOLDEN ROD was probably laid out after the town of Deep River was founded in 1885 when the R.R. was put thru

Have just been told of a small family burying ground which is called the Hilderness and was probably originally on land belonging to the family. This is two or three miles south of Deep River and north of Tilton

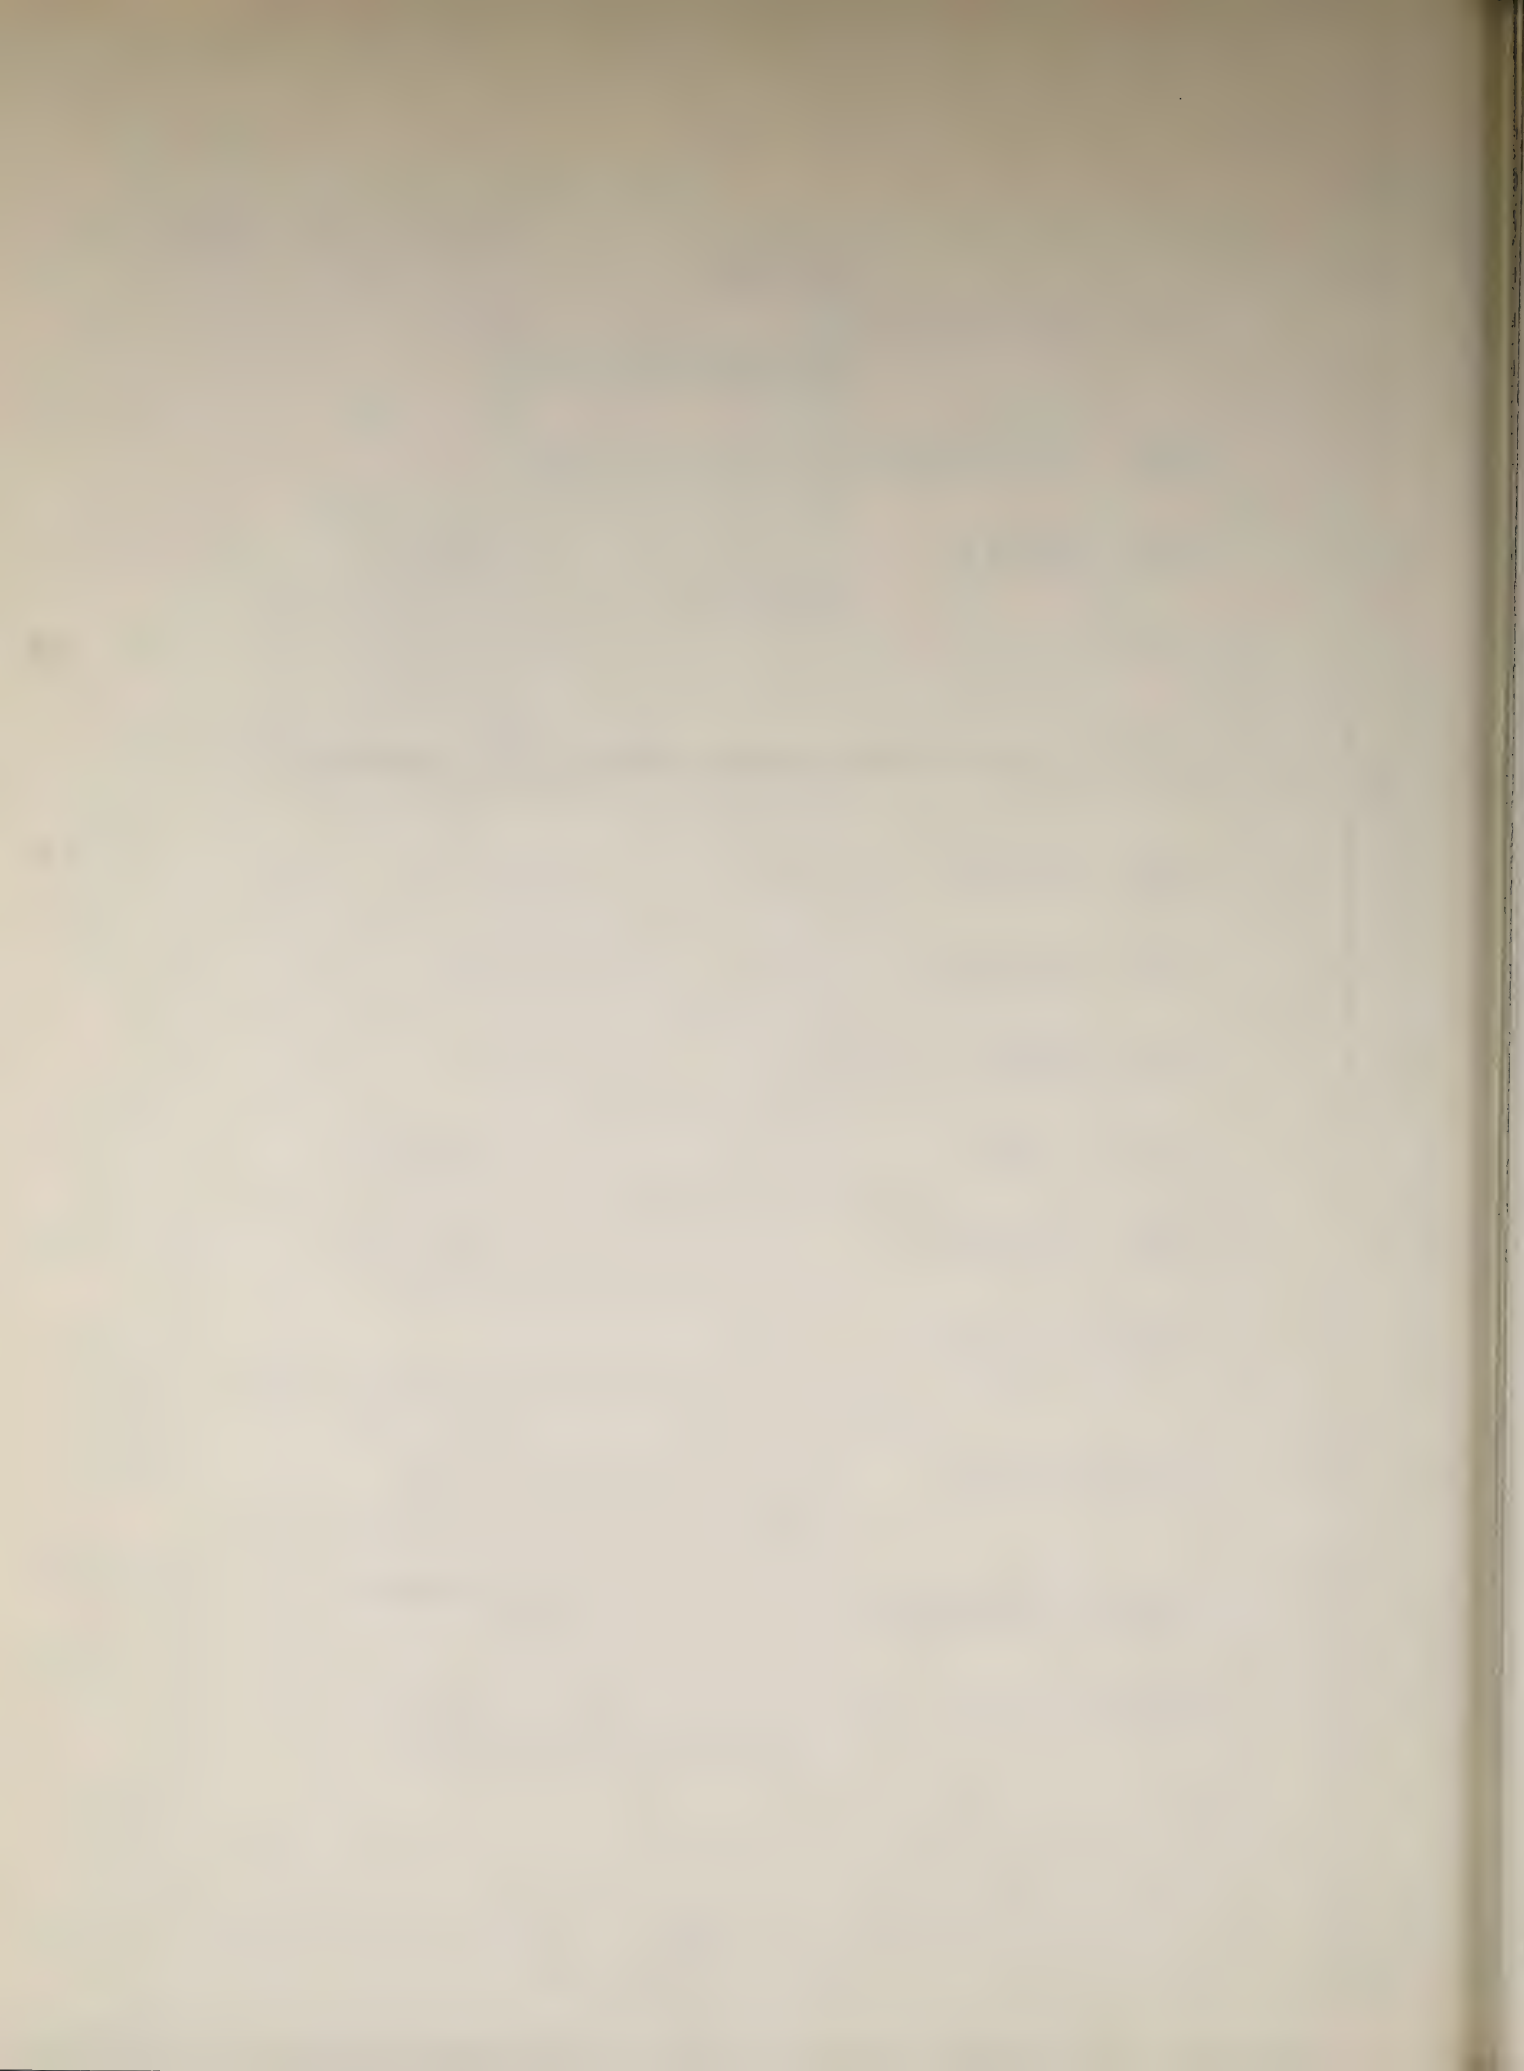

DRESDEN situated in the center of Section 15 about two miles south east of the village was surveyed and laid out in 1862 by Charles Cox and contains a half acre of ground and there are 276 graves. The first burial was a child of Michael Fink in 1856. Many persons have brought the remains of their deceased friends from other townships to have them buried in the Dresden Cemetery
